Education:

<u>Year</u>	<u>Institution</u>	<u>Degree</u>	<u>Discipline</u>
1982	University of Massachusetts – Amherst	B.A.	Education
1986	Smith College	M.S.W.	Social Work

Professional Training and Academic Career:

1987 – 1988 Social Worker, Pregnant and Parenting Service, The Brightside for Families and Children (an out-patient program for pregnant teens, family members and significant others), West Springfield, Massachusetts.

Provided individual, family, couple and group therapy; established a weekly peer consultation group; and received training in group methodology and treatment.

1988 – 1989 Coordinator of International Adoptions, Lutheran Family Services of New England, Hartford, Connecticut

Assessed families and provided post-placement supervision; supervised contract social workers; and led support groups and parenting classes.

- 1989 – 1991 Social Work Supervisor, North Carolina Division of Youth Services (a secure treatment center for adjudicated youth), Butner, North Carolina
 Provided clinical supervision and training to social work staff; served as a therapist in a sex offender treatment program; developed and implemented a campus wide social skills training curriculum; and served on treatment, substance abuse and planning committees
- 1991 – 1994 Psychiatric Social Worker, Community Guidance Clinic, Department of Psychiatry and Behavioral Sciences, Duke University School of Medicine, Durham, North Carolina
 Provided in-home therapy to children and families; conducted therapy groups in community school settings; coordinated services for clients in the community; supervised interns placed through UNC School of Social Work; and conducted intake and evaluation sessions with new clients.
- 1994 – 1999 Family and School Program Specialist, Duke Coping Power Program, Department of Psychiatry and Behavioral Sciences, Duke University School of Medicine, Durham, North Carolina. A federally funded research and intervention grant providing community based services to children, teachers and families in the Durham Public Schools.
 Conducted psycho-educational groups with students in school settings; provided parent skills training and support; conducted psycho-social assessments with children and their care givers; provided consultation and referrals as needed; supervised interns placed through UNC School of Social Work; supervised staff involved in intervention component of project; developed curriculum implemented in the follow up booster intervention; led bi-monthly intervention staff meetings; and provided individual and group sessions to students and families.
- 1995 – 2000 Adjunct Faculty, School of Social Work, University of North Carolina at Chapel Hill, North Carolina
 Provided field supervision for MSW candidates completing clinical internships.
- 1995 – 2005 Therapist, Private Practice Psychotherapy, Durham, North Carolina
 Provide private psychotherapy to adolescent clients on a contract basis to local mental health centers; specialized in treatment of seriously physically and sexually abused clients, conduct disordered adolescents, and self-injurious adolescents.
- 1996 – 1997 Clinical Supervisor, Wake Teen Medical Services (a private, non-profit, medical and mental health service agency), Raleigh, North Carolina
 Conducted individual, group and family therapy; provided clinical supervision to other therapists; and acted as a liaison to public schools and service agencies.

- 1998 – 2000 Supervisor, Family Studies Program, Department of Psychiatry and Behavioral Sciences, Duke University School of Medicine, Durham, North Carolina
The family studies clinic is a therapy program offered to the community by Duke University. Its purpose is to train psychiatry residents and fellows, and other health professionals in family therapy.
- Provided clinical supervision to psychiatry residents and psychology interns; and provided both consultative training and live supervision of therapy sessions.
- 2000 – 2003 Lead Interventionist, Duke Coping Power Program, Department of Psychiatry and Behavioral Sciences, Duke University Medical Center, Durham, North Carolina
A federally funded research and intervention grant providing community based services to children, teachers and families in the Durham Public Schools.
- Conducted psycho-educational groups with students in school settings; provided parent skills training and support; conducted psycho-social assessments with children and their care givers; provided consultation and referrals as needed; supervised interns placed through UNC School of Social Work; supervised staff involved in intervention component of project; developed curriculum implemented in the follow up booster intervention; led bi-monthly intervention staff meetings; and provided individual and group sessions to students and families.
- 2003 – 2007 Clinical Director, Therapeutic Foster Care in a System of Care Study (TFCS), Services Effectiveness Research Program, Department of Psychiatry and Behavioral Sciences, Duke University Medical Center, Durham, North Carolina. TFCS is a NIMH-funded randomized trial of an enhanced model of therapeutic foster care.
- Responsible for all aspects of the intervention components of the study including developing materials, designing training approaches and implementing the training to therapeutic foster care parents, agency supervisors and clinicians across the state of North Carolina who provide services to TFC youth and families.
- 2006 – Present Adjunct Assistant Professor, School of Social Work, University of North Carolina at Chapel Hill, North Carolina
- Provide field supervision for MSW candidates completing clinical internships.
- 2006 – Present Project Director, What Affects Outcomes in Group Homes for Youth, Services Effectiveness Research Program, Department of Psychiatry and Behavioral Sciences, Duke University Medical Center, Durham, North Carolina. This is a NIMH-funded study.
- Direct day-to-day activities of the research project and supervise the research interviewers.
